Your integrated transport – it pays off!

Starting from December 14, 2015, the MKA system will offer the integrated transport services. MKA system users will be able to buy combined transport services, e.g. railway transport + city transport. The integrated services will be available at attractive prices only within MKA system. Check now [how you can buy the services](#) using the MKA system after December 14, 2015.
