City transport in Krakow available in MKA system

We are happy to inform that as an effect of the cooperation with the city of Krakow, the offer of the Krakow City Transport services providing the season tickets will be available as of December 14, 2015 in MKA system both for the users of MKA card and iMKA application. Soon after, the tWallet in iMKA application will also allow to buy single tickets valid for Krakow city and municipality. Since December 14 the same option will be offered to persons using the Fast Commuter Rail (SKA). Check the scope of [services](#) available in MKA system.
